

**THE RITZ - CARLTON**

BALI

## **RESORT ENHANCEMENT PROJECT UPDATE**

Dear Paradise Bali Tour Team,

Warm greetings from The Ritz-Carlton, Bali.

We would like to inform you that the resort will undertake an enhancement project for a new restaurant next to the lobby area, starting on 06 May 2026. This initiative is part of our continuous commitment to elevating our guests' dining experiences and resort offerings.

Please be assured that the enhancement works will be carefully managed to minimize any disruption, and guests' comfort and overall experience will remain our utmost priority. Guests will continue to enjoy access to the resort's iconic viewing deck and its unobstructed ocean views throughout the project period.

In addition, the dedicated hospitality area will remain available at the lobby to ensure seamless guest arrival and departure experiences.

Kindly note that the lounge next to the lobby will be permanently closed as part of this enhancement. As an alternative, lounge arrangements will be allocated at designated facilities within the property, subject to availability.

We sincerely appreciate your understanding and continued support as we enhance our facilities to provide even more exceptional experiences for our mutual guests.

Should you require any further information or assistance, please do not hesitate to contact us.

Warm regards,

Go Kondo  
General Manager  
The Ritz-Carlton, Bali
